## SINN FEIN STOP IRISH HUNTING

By Associated Press

DUBLIN, March 1.—Instructions by the central Sinn Fein executive to stop hunting throughout Ireland pending the release of the Sinn Fein leaders have not been welcomed in the country where the local hunts give a certain amount of employment and help the circulation of money among the farmers and shopkeepers. The men who hunt, though mainly of the working classes, are not confined to one class and hunting is a popular amusement.

"We ourselves feel it may mean a great deal more than merely giving nipples to starving babies," she said. "It may create a better feeling which after all is the only guarantee of peace afterwards."

## EVERYBODY IS NOW FIGURING INCOME TAX

In Order to Be Helpful to Public, Internal Revenue Bureau Has Every Available Officer in Field.

## SEVERE PENALTIES IF YOU DELAY BEYOND MARCH 15

With the due date for Income Taxes only a few weeks away, the collection of the far-reaching tax on 1918 incomes has started off with a bang. Everybody is figuring income tax.

Payments and sworn statements of income must reach Internal Revenue offices or before March 15, and there are severe penalties for delinquency.

Residents of Nevada are required to make their returns and pay their taxes to Jasius Wardell, Collector of Internal Revenue, San Francisco, Cal., or to any of his deputy collectors who are now doing free-advisory work on the first day of the month.

This year Income Tax by March 15 is the slogan of the Internal Revenue Bureau, which has sent every available officer into the field to help the public to understand the requirements and to prepare the returns.

### Who Must Make Return

It is estimated that many thousands of single and married persons in this section of the United States also have taxes before made annual returns are required to do so this year.

Income tax returns must be made between now and March 15 by persons who come under the following classifications:

All unmarried person whose 1918 net income was \$1,000 or over. Widowers and widowers, divorcees and separated persons who are living apart from their husbands or wives are for the purposes of the Income Tax classified as unmarried.

Any married person living with wife or husband whose 1918 net income was \$2,000 or over. The income of both husband and wife must be considered, together with the earnings of minor children, if any.

### Revenue Bureau Offers Aid.

Each person in the United States who is either of those classifications may get busy at once if penalties are to be avoided. He should secure a blank Form 100-A for reporting net income up to \$5,000, or Form 100-B if his net income exceeded that amount. Forms are being distributed by Collectors and their Deputies, also by banks. By following the instructions on the forms correct return can be prepared at home. If a person needs advice or help, the Deputy Collector in the field will furnish this without charge.

The new Revenue law places the Income Tax duty on citizens and residents. The Internal Revenue Bureau is sending itsmen to work right with the public to get the tax and the returns in. With active cooperation, every tax due March 15 will be paid and every return required by law will be in the Revenue offices on time.

### Exemptions Allowed.

A single person is allowed a personal exemption of \$1,000. If he is supporting his household relatives who are dependent upon him, he may claim the status of the head of a family who has the same exemption as if married.

A married person, who lives with wife or husband, is allowed a personal exemption of \$2,000. The head of a family is entitled to claim a similar personal exemption.

An additional exemption of \$200 is allowed for each person under eighteen or incapable of self support, who was dependent upon and received his chief support from the taxpayer.

A husband and wife living together are entitled to but one personal exemption of \$2,000. If they make separate returns, the exemption may be claimed by either or divided.

### Accuracy Required.

Absolute accuracy is necessary in making up income figures. Any person who is working for wages should find out exactly how much he received during the whole year 1918. Fees, bank interest, bond interest, dividends, rents received, and all other items must be reported correctly. Mere guesses are not accepted, for they are unfair alike to the taxpayer and the Government, and defeat the proper administration of the law.
